## Introduction

In the New Analytical Dashboards, you can easily find the information you need summarized to fit your needs. You can know within one click the Top Donor Agencies, Top Sectors, Top Regions grouped by Actual Commitments or Actual Disbursements. The Aid Predictability chart is another useful chart which compares Total Actual versus Total Planned Disbursements. The Funding Type chart is another available chart, where you have three different pieces of information (Type of Assistance, Actual Commitments, Year) all combined into one single chart.
